Dear Dr. Dudley;

As we discussed by phone, you are invited to participate in an informal conference on the testing of infrared-reflectance instruments for measuring oil, moisture, and protein content. Details are as follows:

Date: September 16, 9:30 a.m. to 5:00 p.m., and September 17, 8:00 a.m. to 11:30 a.m.

Place: Conference room at O'Hare International Airport Tower Motel, Chicago, Illinois

Format: Informal reports will be given from several research laboratories of their results in testing and using the Neotec Grain Quality Analyzer and the Dickey-john Grain Analysis Computer. The first day will be devoted to the reports and the second day to making plans for future work.

Reports are expected from the following laboratories:

Instrumentation Research Lab.,
Beltsville, Maryland

K.H. Norris

Illinois State Dept. of Agr. Lab.
De Kalb, Illinois

E. Horn
S. Podgorny

Grain Marketing Research Lab.,

A block of rooms has been reserved at the motel in the name of De Kalb County Farm Bureau. Please contact the motel directly if you wish a room. It would be appreciated if you would inform me if you reserve a room for September 16, so that I may determine the need for additional rooms.

The morning session on September 16 will be devoted to soybeans and the afternoon to wheat and other grains. I have tentatively scheduled your report for 11:30 a.m. to 12:30 p.m. It is not a requirement, but we would appreciate it if you could bring with you 20 copies of summary data for distribution to participants.

We look forward to a good session.

Sincerely,

Karl H. Norris
