

August 23, 1974

Mr. Melvin Hayenga
DeKalb County Farm Bureau
315 North Sixth Street
DeKalb, Illinois 60115

Dear Mike:

I believe most of the arrangements have been completed for the conference on September 16 and 17. I have scheduled the morning of September 16 for reports on work with soybeans and the afternoon for wheat and other grains. The morning of September 17 will be for further discussion and for planning of future work. All of the laboratories have agreed to report their results and the enthusiasm for this session is great. We will have reports from the following laboratories:

ARS Grain Marketing Research Lab., Manhattan, Kansas
Illinois State Testing Lab., DeKalb, Illinois
Soybean Research Lab., Urbana, Illinois
Agronomy Lab., U. of Illinois, Urbana, Illinois
Western Wheat Laboratory, Pullman, Washington
Canadian Grain Commission Lab., Winnipeg, Canada
Instrumentation Research Lab., Beltsville, Maryland

I thank you for all your help in putting this conference together and look forward to a good session.

Sincerely,

Karl H. Norris
Chief, Instrumentation Research
Laboratory, Agricultural Marketing
Research Institute
